The Norwegian Sea Health Conference 2018 “BEYOND THE INCIDENT” will focus on the many aspects of managing both small and major maritime health emergencies and incidents, way beyond the initial medical care and evacuation.
A valuable conference if you are professionally involved in or interested in one or more of the following topics within, shipping, fisheries, offshore, offshore support etc.

- Operational ship management and route planning
- Health, safety and environment
- Selection of seafarers/fishermen and preemployment medicals
- Training of seafarers/fishermen
- Human resources
- Manning agencies
- Employer organisations
- Employee organisations
- Regulating authorities
- Inspecting and certifying bodies
- Insurance of crew/ship
- Risk assessment and planning for the unexpected
- Quality Assurance
- Porth health care
- Repatriation of seafarers/fishermen
- Service provider/ship agency
- Search and Rescue
- Maritime or joint rescue coordination
- Contingency planning and service
- Crisis management and crises psychology
